NON-MEMBER TRANSACTIONS

Overview

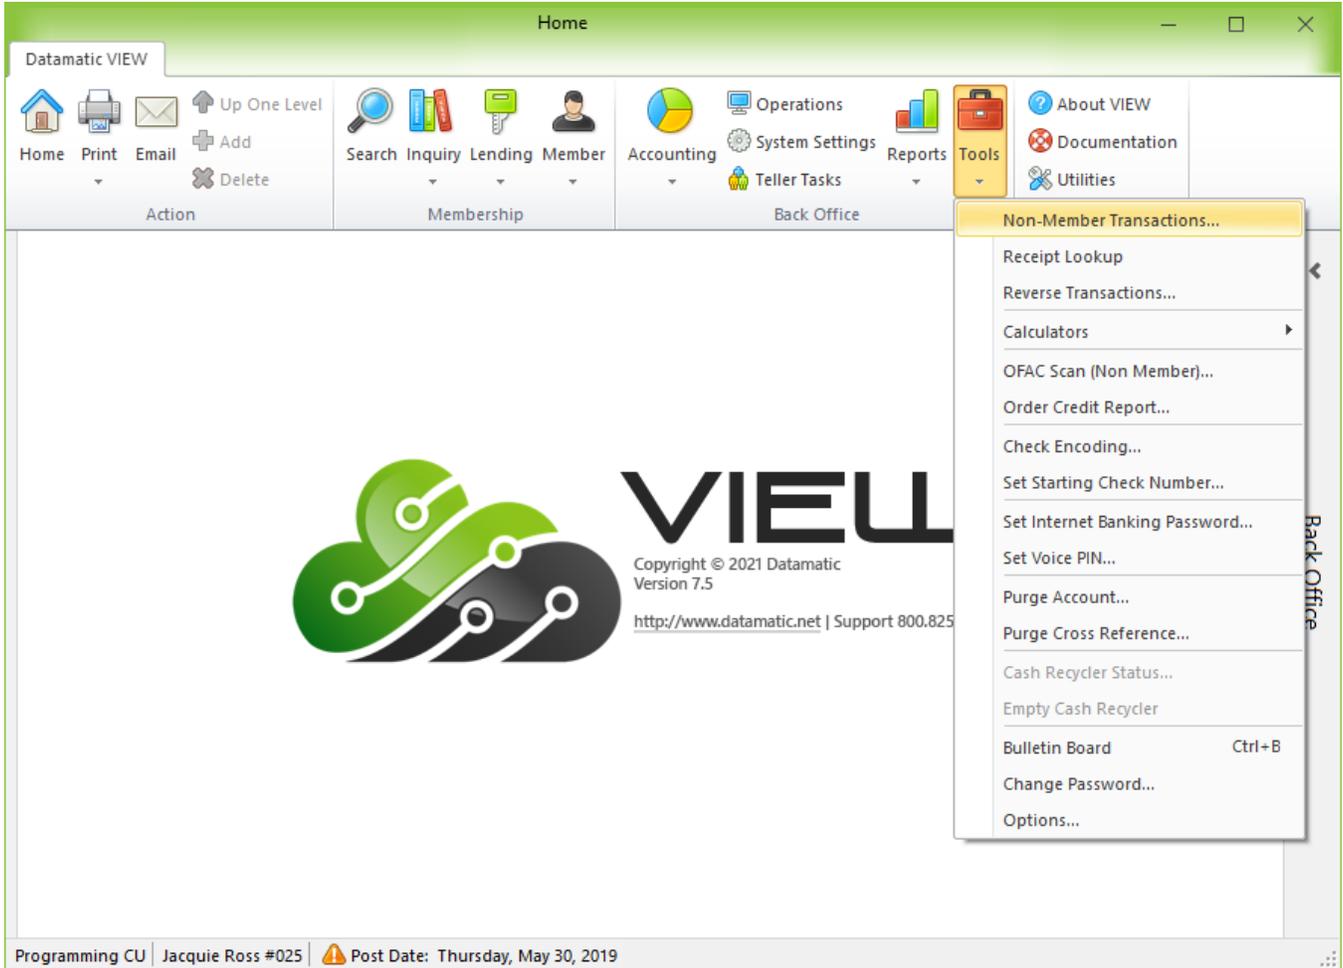

Non-Member Transaction screen was designed to process transactions for non-members. These types of transactions include the following:

- Check Cashing (including On-U's Checks)
- Credit Union Defined Miscellaneous Transaction

The Non-Member Transactions screen will prompt the user to obtain information to perform an OFAC Only Scan or both the OFAC and FinCEN scan.

Screen Definitions

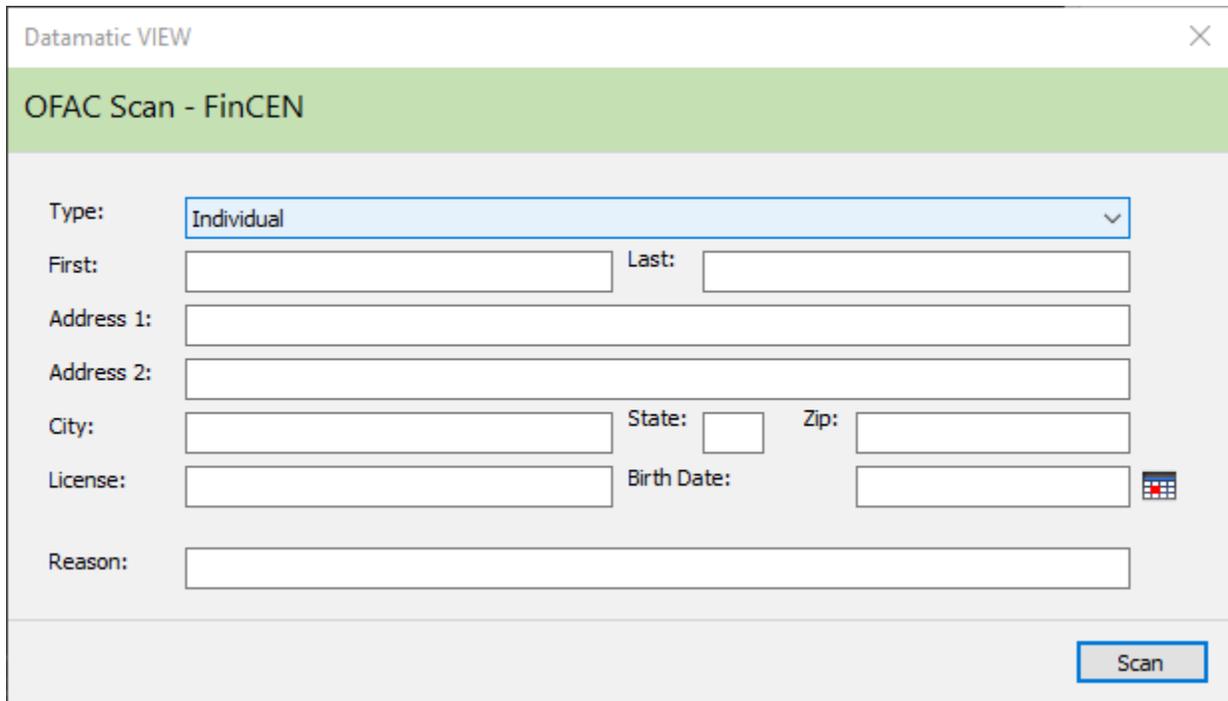

The Non-Member Transactions screen can be launched from the **Main Ribbon > Tools > Non-Member Transactions**.

Based on the Transaction Setup in System Settings, the non-member transaction screen displays the on-Member Transaction – OFAC Screen or the OFAC-FinCEN Screen.

OFAC Scan – FinCEN

The OFAC Scan – FinCEN screen collects the information to scan against the OFAC list before proceeding to the Non-Member Transaction Screen. For FinCEN, all information entered on the screen is retained for 6 months and is scan during the routine FinCEN scans.

Field	Comments	
Type	Select type of scan requested	
	Individual	First and Last Name
	Organization	Name of Organization
	Internal – Bypass OFAC and FinCEN Scans	Disables all fields
Reason	Reason for non-member transaction (Coins, Wire In/Out, Money Order)	

Note

OFAC hits will display at the time of the transaction. FinCEN hits will display later during routine FinCEN scans.

Field	Comments
	<p>There are 6 Check Received fields. Each field has a magnifying glass  that launches the Check Detail Screen. This screen allows the user to clear the check as a member “on-us” check.</p> <p>As the user enters checks, the Checks Received (\$0.00) total will increase.</p> 
Cash Returned	Amount of cash to returned to customer

User Tip

Total Received is the sum of the Cash and Checks Received.

Cash Received	Checks Received (\$225.00)	Total Received (\$275.00)
\$50.00 	\$150.00 	\$75.00
